PROTECTION
GUARANTEEDGovernor Noel Assures Safe-
guard For Life and Proper-
ty in MississippiTHOUGH MANY ARRESTS WILL
BE MADE AT McCOMB CITY

McComb City, Tenn., Oct. 5th.—The arrival of additional troops has revived rumors that the Federal Government is preparing to make an important move in connection with the enforcement of the injunction issued by Judge Niles at Jackson and restraining interference with the Illinois Central Railroad affairs.

The citizens of McComb City are beginning to wonder why so many troops are being rushed here, and some apprehension is expressed that it is for the purpose of covering the arrest of large numbers of strikers and others, and taking them to Jackson.

The people here would resent being taken out of McComb City for trial but it is not imagined that Judge Niles will come here to hear the cases.

Rumors that as high as a 100, and even 200, arrests are to be made by the Deputy United States Marshal cannot be confirmed.

Another explanation of the presence here of additional troops is seen in the Illinois Central Company action in beginning construction of a ten-foot fence around its shop property here. The fence is being constructed of heavy boards, with barbed wire at the top. As soon as it is completed, it is said, the company will send 600 or 800 strike breakers to operate the shops, having been assured by Gov. Noel that a sufficient force of the Mississippi National Guard will be kept in camp here to guarantee the fullest protection to life and property.

Foley's Kidney Remedy vs. a Hope-
less case.

Hon. Ark. J. E. Freeman says: "I had a severe case of kidney trouble and could not work and my case seemed hopeless. I used several well known kidney remedies, and had the services of a doctor, all of which gave me no relief. One large bottle of Foley's Kidney Remedy cured me and I have never been bothered since. I have also recommended it to my friends who all received the same good results."

Gov. Willson Refuses Pardon to Arthur
Miles, Wife Slayer.

Frankfort, Ky., Oct. 3. Gov. Willson has refused a request for a pardon for Arthur Miles, who killed Bessie Stith on the streets of Louisville and who escaped from the Hopkinsville Asylum, where he was sent on an insanity. Gov. Willson said:

This was a willful murder. He ought to be hanged. He cheated the gallows through the insanity dodge in the Lyon Circuit Court and got to the asylum and of course, escaped. He can have no clemency from any just man.

Miles had married Bessie Stith, although he had a wife living, and murdered her to escape the complications, it is alleged.

Church Notes

Christian Church

On Wednesday afternoon the C. W. B. M. of the Christian Church held its regular monthly meeting which proved to be the banner meeting, the occasion also being the ninth anniversary of this auxiliary. The services were conducted by Mrs. Henry Rogers, a most efficient leader, and responses were made by a number of the ladies. Mrs. Arnold, the vice president, gave her views of "The Ideal Society," which if followed out will raise us to a high and true standard of living. Mrs. John Long sang in her charming manner a solo "My Lord and I" which was thoroughly enjoyed by all. The special treat of the afternoon was given by Mrs. H. S. Corey, the noble and worthy president of the auxiliary. She told in her graceful and easy manner of her trip to the convention recently held at Frankfort. She had the closest attention of all present and her talk was thoroughly entertaining and instructive throughout. With the true art of a natural orator, she made each one feel as though she were really present and had a part in the great convention, so truly did she quote the words and gestures of some of the most important speakers. Mrs. Jno. Long, the secretary, read the minutes as recorded in the book nine years ago and compared them with those of the present day. The business period was conducted in a consecrated and quiet way and the yearly report read by the treasurer.

Miss Susan Marie Crutchefffield delightfully rendered a solo as an introduction to the social hour. The hospitable hostesses, Mesdames Brinkley and Rogers, assisted by some of the younger members, served delicious refreshments to the ladies and guests, which numbered fifty nine. All felt greatly benefited by the meeting both in a religious and social way. A great treat is in store for the auxiliaries of the surrounding towns in the nature of a message by Miss Florence Mills, a returned missionary from India who will deliver an address at the Christian Church in Madisonville on next Sunday morning. Bro. Bernard, the pastor, has kindly consented to allow her to fill the pulpit at the regular time for preaching on that day. The ladies, one and all, should avail themselves of this grand opportunity to hear this gifted speaker and to gain a further insight into the work in general.

Winfield Scott Schley

"There is glory enough for all" said Winfield Scott Schley at the first outbreak of the Sampson-Schley contest over the battle of Santiago. In this spirit he marked his course all through the bitterness of that half-forgotten squabble; in it he laid aside his active naval career, and in it he lived the closing years of his life in New York. He never capitalized for his personal advancement either his service to his country or his grievance. Schley bore himself like a officer and a gentleman, both on the quarterdeck and off it. "There is glory enough for a" should be written upon his monument. It is no mean epitaph. —Chicago Evening Star.
